SUBJECT

Repayment of loan of the several
Municipalities in the State during 1905-06.

FILE No 246 of 1905 06	
Repayment of loans by the several Municipalities in the State during 1905-06	
16	From the President, Kadar District, No 767, dated 2nd May 1906. States that as per agreement executed by the President only 20 instalments of Rs. 273-13 9 are payable by the Kadar Municipality towards the loan which includes both principal and interest and that as such the interest of Rs. 130-8-0 charged during the years 1898 99 and 1899 1900, will be in excess of the 20 instalments which alone would be a set-off against the loan, and solicits orders in the matter.
17	To the President, Kadar District, and the Comptroller, No 12337-8, dated 30th May 1906. Informes the President that under the terms of the agreement, the loan carries interest at 4 per cent per annum and is repayable in 20 years at Rs. 273 13 9 per annum, and observes that the contention of the President that payment of 20 instalments of Rs. 273 13-9 each will discharge the loan completely would have been tenable had the entire loan been drawn at one time and the instalments begun exactly one year afterwards but that in the present case, the loan was drawn in parts from time to time and the alleged excess of Rs. 130-8-4 represents the interest payable under Article 1406 of the Civil Account Code on the instalments advanced from time to time for two years before the first of the 20 annual instalments prescribed in the bond fell due under the rules and cannot therefore be set off against the loan as proposed.

BRIEF SUMMARY OF FACTS

that as per agreement executed by the President only 20 instal-
ments of Rs 273-13-9 are payable by the Kadur Municipality to discharge the
loan with interest and that as such the interest of Rs 130-8-0
for the years 98-99 & 99-1900 is in excess of the 20 instalments
which alone are a set off against both principal and interest

NOTES AND ORDERS

Portions of the loan sanctioned for the Water project of
the Kadur Municipality were drawn during the year
1898-99, the whole amount having been ~~paid~~ drawn
in 1900. The first instalment for discharging the
debt was due on 30th June 1901 and the interest

payable for the years 1898-99 and 99-1900 which amounted to Rs 130-8-4 was also adjusted in the accounts by ^{the} Comptroller, and his action was approved of in Govt order no 10777-8/M (246-05)-15 of the 19th April 1906

2 The President now states that the Kadur Municipality has, in accordance with the agreement entered into by the President, to pay only twenty instalments of Rs 275-13-9 to completely discharge both the principal and the interest due on the loan and that the interest of Rs 130-8-4 for the years 98-99 and 1899-1900 adjusted by the Comptroller is an excess recovery and requests that orders of Govt may be obtained on the matter

3 The president's objection is untenable as already ^{stated} in the order of the 19th April 1906. Perhaps a refund of the interest on the excess adjustments complained of by the President is all that is allowable, but as the Comptroller, out of the prescribed instalments, adjusts the acc.

Sir,

According to Government Proceedings

No 6307-8 dated 14th December 1905 S
in L 246-05-6

calling for the submission of the proposals
regarding the repayment of the loan
and interest thereon on account of
the water supply project of the Holenarasipeta
Town, I have the honor to submit there-
with a copy of the resolution no 9
passed by the Municipal Board of
the Holenarasipeta Town at their meeting
held on the 28th February 1906 in
which they unanimously resolve to
approach Government with a prayer
to remit a sum of Rs 23,117 still
due on the 1st loan of Rs 29,16,000
together with Rs 5,600/ sanctioned
i.e. 2nd loan on account of water
supply of the Town with the interest

interest due thereon.

The Municipality is poor and not really in a position to repay this large amount, and I would recommend that the Board's prayer be granted for the repayment of the

other loans noted in the margin, due provision will be made annually

000/ sanctioned for the improvement of roads &c. Rs 23,885-6-157 1927

if Government are not pleased to show the above concession, there will be no funds left for the numerous improvements in the Town alluded to in the Vice President's memo and if the improvements are not gradually effected the towns people will be deprived of the benefit of the municipal institution

Under the above circumstances I request that you will be so good

for is to obtain the sanction
of Government to remit the
balance of the loans sanctioned
for the water supply of the
Holar Town

Memo

1. The opening balance of the Municipality for 1905-06 as per Comptroller's final adjustments for June 1905 was Rs 888/. The estimated receipts for that year as sanctioned by Government are Rs 10,150 making a total of Rs 11038/-. The sanctioned estimated expenditure is Rs 8273/- which will leave an estimated balance of Rs 2765/- at the close of the current year which is adopted as opening balance for 1906-07. The estimated receipts for the year is Rs 11130/- and the total including opening balance

balance will be 13895 Of this amount about Rs 2664 which is 24 per cent of the receipts of the year will have to be maintained as the minimum balance and Rs 6375/ is debited in the

Rs 3836/ with for repayments of loans with interest & for public works There are about 10 miles of main road and four miles of cross road within the municipal limits for maintenance Most of these roads are already in bad condition, and if neglected any longer they would become unpassable for traffic. A sum of Rs 1000/- at least is required annually to maintain them

2 A number of Conservancy
houses

Cases have been opened out, but most of them have not yet been properly formed and as no drains have been built in them to carry off the sewage water consequently the water is allowed to percolate into the sub soil emitting offensive smell and rendering the locality unhealthy. It is absolutely necessary to construct drains in these lanes without loss of time.

- 3 The existing drains are not built with due regard to levels in several places. Most of them require to be reset and repaired so that the sewage water may pass off freely.
- 4 The existing number of dustbins are insufficient more are required. There is not a single movable dustbin in the town.
- 5 If the amount remaining after deducting the charges of permanent nature and the

the minimum balance to be maintained at the close of the year is set apart for the repayment of the loan with interest, there will be no funds left for effecting the numerous improvements above alluded to, and if the improvements are not at least gradually effected the town people will not have been given the benefit of the municipal institution. It is therefore requested that Government may be moved to remit the balance of the loan of Rs 3500/- granted to the municipality on account of water supply to Kolar town.

Resolved unanimously that a sum of Rs 1000/- be provided in the Budget for 1906-07 for the repairs of roads, Rs 500/- for constructing drains original Rs 300/- for drain repairs and Rs 150/- for purchasing movable dust bins with reference to paras 1 to 4 of the Vice President's memo.
